

Architectural floor plan of a building showing a complex heating and plumbing system. The plan includes rooms such as a kitchen, living area, bedrooms, and a bathroom. A central heating system is depicted with a boiler room (OBS TOČIŠČE) and a water storage tank (OBS TOČIŠČE ZALOGNIŠČE). The system features a network of pipes (blue, red, green, yellow) with various diameters (e.g., 18x1.0, 28x1.2, 35x1.5, 42x1.5) and flow rates (e.g., 0.02 m³/s, 0.03 m³/s). The plan also shows a staircase, a parking area, and a garden. The drawing is a technical schematic for a building's heating and plumbing system.
